**Remark:** keep in mind that things can change very fast. We get offers from various sources and just sale on, others do the same, means we and other agencies act as middle men and don't submit any "OWN or DOCTORED documents".

**Remark:** keep in mind, whatever is stamped in your passport, it's YOUR RESPONSIBILITY. If something goes wrong, you can't claim, "I DID NOT KNOW", that doesn't work.

**Remark:** Thailand is a fascinating country with great people, beautiful countryside, wonderful sights, amazing opportunities, and unbelievably tasty food. However, things can change very fast. People may have their own agendas, especially contacts made via social media. Please use common sense. If an offer is too good to be true, WALK AWAY.
